# One-time settlement scheme: Motor vehicle tax arrears can be paid

The Kerala government is re-implementing the One-Time Settlement Scheme (OneTimeSettlementScheme) for motor vehicles that have not paid taxes for a long time. Vehicle owners who are unable to pay taxes after March 31, 2022 and who have tax arrears for any period before that can avail this opportunity.

This scheme provides an opportunity to settle only a certain percentage of the tax arrears from 01.04.2022 to 31.03.2026, regardless of the period of arrears exceeding four years, by paying only the following rates:

Non

**-transport (Private) vehicles:** Only 40 percent of the tax arrears for the four years up to March 31, 2026.

Transport **vehicles:** Only 30 percent of the tax arrears for the four years up to March 31, 2026.

This one-time tax settlement facility will be available till March 31, 2027. Vehicle owners availing the scheme are exempted from paying green tax and submitting welfare fund receipts. Owners of stolen, dismantled or unusable vehicles will be exempted from tax liability upon submission of sufficient documents.

Those facing revenue recovery proceedings can also avail the benefit of this scheme by paying the revenue collection charge along with the tax. If the vehicle, which has been discharged as non-existent under the one-time settlement scheme, is found to be used on the road in the future, the original tax will have to be paid in full without any exemption.
